COMPANY INTRODUCTION

Established in Botswana, De Vre Trans (PTY) LTD is a citizen owned Transport Company founded in March 2003, with the main aim of offering primary and secondary transport of bulk, general cargo, transportation of containers etc. Our road transport services span across the SADC region. De Vre Trans has been delivering cross border road transport and logistics for **over 20 years**, with its offices in Palapye and Gaborone and recently a depot in Ghanzi, Botswana. Botswana is a country with no coastline and situated between South- Africa, Namibia, Zimbabwe and Zambia.

This forces the country to import goods from our neighboring countries. Botswana's main center of trade is located on the eastern part of the country while the rest of the country is mainly covered by the Kalahari Desert and Okavango Delta making it very difficult to meet its agricultural needs and furthermore as a developing country relying mainly on importing most of its raw materials for different industrial sectors of the country, thus the need for De Vre Trans to provide the service of transporting the needed resources between Botswana and its suppliers.

COMPANY MISSION & VISION

At De Vre Trans, **'timeous and effectiveness'** describes our vision to succeed. To be a leading transport company that operates in the context of a global economy. As a company we are committed to cost effectiveness, quality service, people development and business excellence. We believe that transport processes enable or disable a country's expansion and growth and thereby, it's global competitiveness.

In fact, we are committed to upholding and taking part ensuring Sustainable Growth and Diversification of Botswana's economy.

Improving the transport Industry's performance has become an important policy objective in recent years, because the transportation industry has a major impact on economic activity. Better transportation performance is strongly associated with trade expansion, export diversification, the ability to attract foreign direct investment and economic growth.

DE VRE TRANS IS PRIMARILY A CROSS BORDER HAULAGE PROVIDER THAT SERVES A VARIETY OF INDUSTRIAL SECTORS WITHIN BOTSWANA AND BEYOND, E.G MINING, MANUFACTURING, CONSTRUCTION, AGRICULTURAL AND LOGISTICS COMPANIES ACROSS THE SADC REGION. IT OFFERS RELIABLE, COST EFFECTIVE TRANSPORTATION OF BULK GOODS.

STAFF STRUCTURE

The head office of De Vre Trans is based in Gaborone, Botswana, and a depot in Palapye, each comprising of the main offices, a workshop (tyre bay, wash bay, mechanical bay and a parking area for the trucks). An employer of more than 180 employees (each respective staff member is duly empowered to execute his/her duties), our drivers and operators are trained annually by Scania and Volvo. They are further tested regularly throughout the year on their driving skills and health wise (e.g. ensuring they have good vision and further assisting financially if there should be a problem which is rectifiable). We further afford our employees the opportunity to upgrade using short courses and sending them for further studies in their respective fields.

WE DELIVER EXCELLENCE IN TRANSPORT AND LOGISTICS ENABLING CUSTOMERS TO GROW IN AN EFFICIENT, PROACTIVE AND COST-EFFECTIVE MANNER.
